**BOGOTA D.C  
(1 day)**

**Birding tours (@Photo Bogota Birding)**

Colombia is the country with the big number of birds of the world with approximately 1921 species including endemic, near endemic, migratory and permanent residents. Colombia's wide variety of ecosystems and habitats make it a megadiverse country in fauna and flora.

The observation of birds in Colombia is fantastic and wonderful because you can find diversity of ecosystems and different birds according to the region of the country that you want to visit like for example: Andean Region (Eastern mountain, Central mountain and Western mountain), Magdalena Valley, Santa Marta, Choco Region, Llanos, Orinoquia, Pacific Coast, Atlantic Coast and Amazon.

**Thanks for trusting us!!!**

## CHICAQUE NATURE RESERVE - EASTERN ANDES FULL DAY

### Morning:

We will depart to Chicaque Nature Reserve at the 5:30am. This incredible place is located only one hour and half away from Bogota. It is a rich ecological and water reserve, located at an altitude of between 2100-2700m.s.n.m. It presents the type of subandino and Andean forest with plants like ferns, orchids, mosses, palms, oaks and abundant bushes due to the humidity of the reserve. It has more than 300 ha, becoming the home of more than 150 species of birds.

We are here for to observe the enigmatic Golden bellied starfrontlet and other targets birds here in the hummingbird feeders: Tourmaline sunangel, White bellied woodstar, Sparkling, Lesser Violetear Hummingbird, White collared inca and Mountain velvetbrest in an incredible cloud forest in the western slope of the eastern Andes.
