BOGOTA BIRDING AND BIRDWATCHING COLOMBIA TOURS

Colombia country of the birds

ANDEAN ENDEMIC

BOGOTA D.C
(1 day)

Birding tours (@Photo Bogota Birding)

Colombia is the country with the big number of birds of the world with approximately 1921 species including endemic, near endemic, migratory and permanent residents. Colombia's wide variety of ecosystems and habitats make it a megadiverse country in fauna and flora.

The observation of birds in Colombia is fantastic and wonderful because you can find diversity of ecosystems and different birds according to the region of the country that you want to visit like for example: Andean Region (Eastern mountain, Central mountain and Western mountain), Magdalena Valley, Santa Marta, Choco Region, Llanos, Orinoquia, Pacific Coast, Atlantic Coast and Amazon.

Thanks for trusting us!!!

TOUR DETAILS

Birding trip Guayabetal - Monterredonfo

Starting city: Bogotá D.C. Ending city: Bogotá D.C.

Transportation: The roads are mostly good along this trip. We will use (4 by 4)

Note: Good opportunities for bird photography's

Cold weather Guayabetal - Monterredondo

Clothing: Jacket, cap, trekking shoes

GUAYABETAL – MONTERREDONDO - EASTERN ANDES FULL DAY

Morning:

We will depart to Guayabetal - Monterredondo at the 4:30am. This incredible place is located in the municipality of Guayabetal to only one hour and half (70km) away from Bogota. Located at an altitude of between 1700-3000m.s.n.m. in Eastern Andes. Monterredondo has relics of Andean cloud forest with a high wealth of species of birds and other species of animals, for that reason it is an area of interest for the conservation of the birds of Colombia.

In our Birding trip, we will observe the endemic Cundinamarca Antpitta (This species is very difficult to observe, but with lucky is posible). Also the species Brown-breasted Parakeet, Gorgeted Wood-Quails, Highland Tinamou, Green-bellied Hummingbird, Violet-fronted Brilliant, Crested Spinetail, Ochre-breasted Brush-Finch. In tres of Erythrina when are flowering (Mainly between December and March) is very easy to observe Glittering-throated Emerald and Other hummingbirds. The species Cliff Flycatcher occurs around the bridge just after the tunnel.
