BOGOTA BIRDING AND BIRDWATCHING COLOMBIA TOURS

Colombia country of the birds

ANDEAN ENDEMIC

**BOGOTA D.C
(1 day)**

Birding tours (@Photo Bogota Birding)

Colombia is the country with the big number of birds of the world with approximately 1921 species including endemic, near endemic, migratory and permanent residents. Colombia's wide variety of ecosystems and habitats make it a megadiverse country in fauna and flora.

The observation of birds in Colombia is fantastic and wonderful because you can find diversity of ecosystems and different birds according to the region of the country that you want to visit like for example: Andean Region (Eastern mountain, Central mountain and Western mountain), Magdalena Valley, Santa Marta, Choco Region, Llanos, Orinoquia, Pacific Coast, Atlantic Coast and Amazon.

Thanks for trusting us!!!
